

# US ARMY FINANCE COMMAND

## United States Debit Card (USDC) Program

July 22, 2009

*"Service to  
Soldiers"*

# US ARMY FINANCE COMMAND

## USDC Characteristics

- Commercial type debit card that supports unscheduled payments made by Paying Agents and Escort Officers
- Issued “on-the-spot” by the organization’s RM
  - Secured by Personal Identification Number (PIN)
  - Immediate activation or deactivation through web based software
- Management Reports are available on-line
- No cardholder’s name required on card
- Issued in any denomination (\$100 to \$10K)

Soldiers”*

# US ARMY FINANCE COMMAND

## USDC Characteristics

- Benefits of using the USDC
  - Improves cash management in the Army
  - Streamlines Army's payments and reconciliation process
  - Improves force protection – enhanced safety and security for Paying Agents and Escort Officers
  - Offers great flexibility for funding Paying Agents and Escort Officers
- The USDC is NOT:
  - A credit card – RM establishes funds limit at issuance
  - A small purchase card – does not replace the GSA purchase card
  - A fleet card - does not replace the GSA purchase card
  - A travel card - does not replace the Government

# US ARMY FINANCE COMMAND

## USDC Characteristics

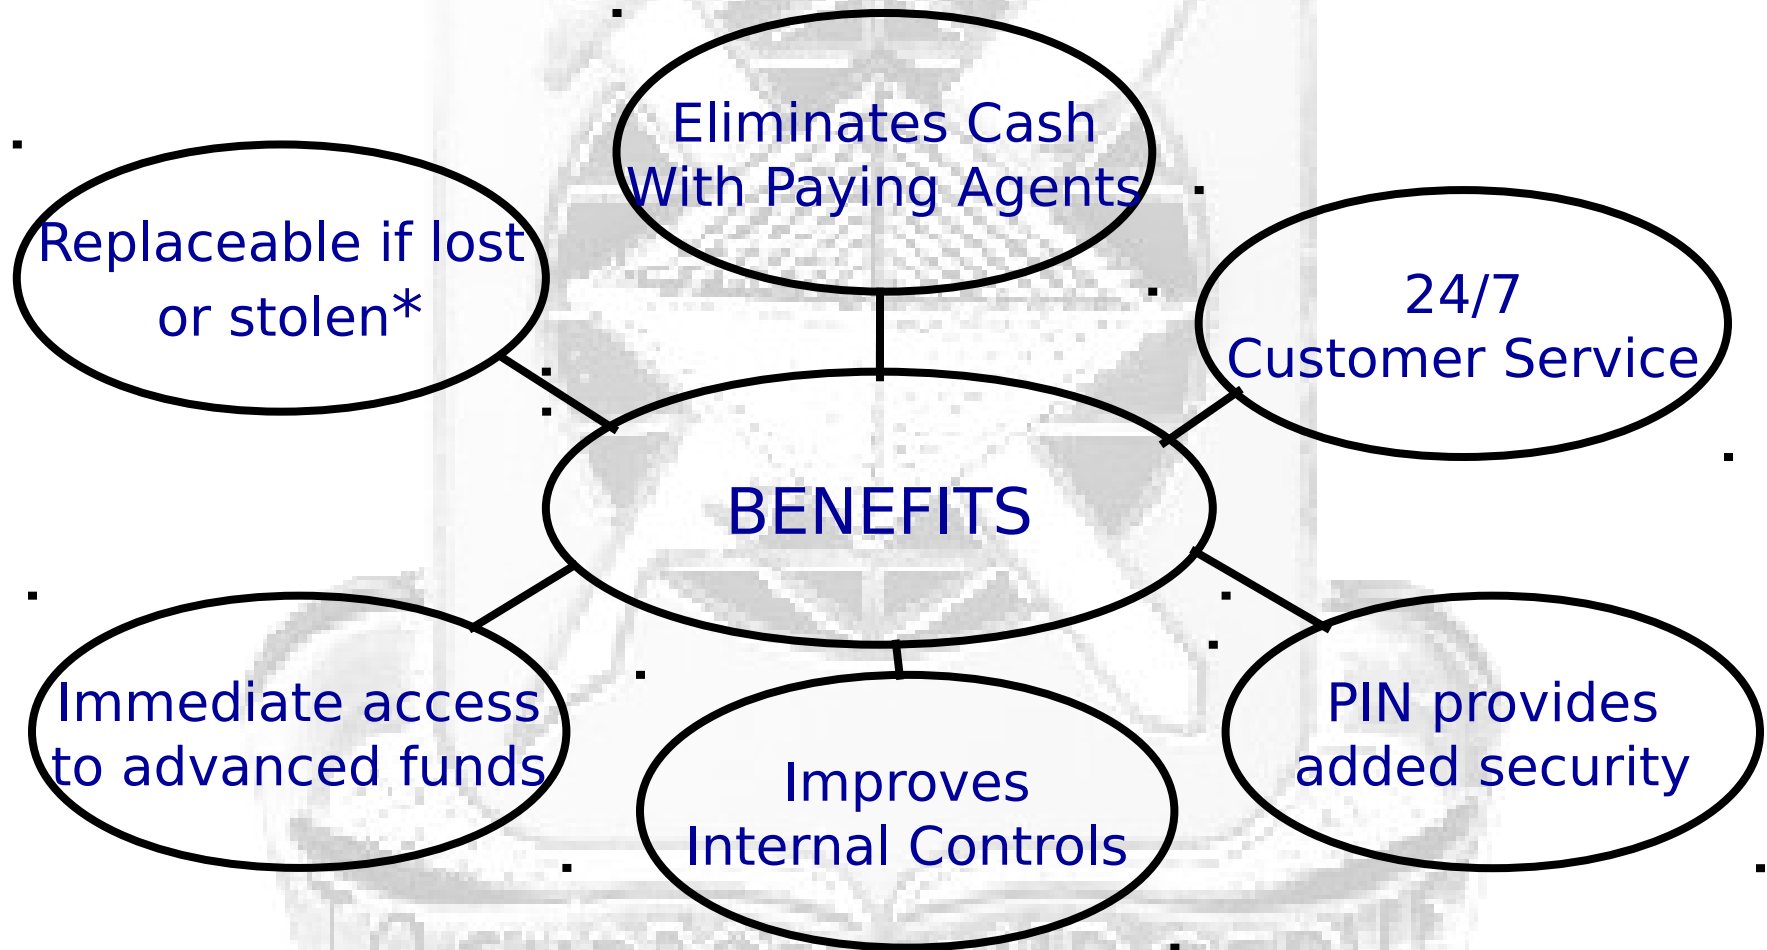

- US Debit Card Program was launched by US Treasury and JPMorgan in 1998
- DoD users are:
  - SOUTHCOM since 1999
  - Wounded Warrior Family Support Program since 2007
  - Army CID HQ since 2008
- USAFINCOM is responsible for evaluating the business requirements of Army potential users

## How to Request the USDC Program

- Contact the e-Commerce Directorate, USAFINCOM at 407-646-4405/4401
  - Be prepared to answer the following questions:
    - How many cards do you need? (e.g., yearly average number of Paying Agents)
    - What is the yearly total transaction volume in dollars?
    - What is your current business process?
    - Is your operation in CONUS, OCONUS or both? Do you operate in foreign currencies?
    - How will you fund the program?
- USAFINCOM will guide you in the development of a Concept of Operations document, coordination with the US Treasury, and request for approval from DFAS and OSD.
